

# MANAGEMENT TRAINEE PROGRAMME

We're here to take your talents to new heights.

Just what is it that you're looking for from your career? Whether it's constant growth and development, opportunities for learning, meaningful work or just colleagues you can have fun with along the way, one thing is for certain; you need to continually gain new skills.

Resilience Cayman offers a new Management Trainee Programme directed to new college and University graduates.

The Management Trainee program is a comprehensive training program where you learn and practice the critical skills needed to be placed in a business management position.

All you need to do is bring your personality, enthusiasm, talent and team spirit along for the ride, and we'll help with the rest. After all, we are the experts in helping young Caymanians get to where they want to.

The Program consists of 6 weeks guided internship with a weekly group meeting and bi-weekly coaching session facilitated by education professionals and SME (Subject Matter Experts).

The Management Trainee Programme is zero-cost to qualified candidates with a \$100 sign up fee that is fully refundable upon completion of the course.
