

24 April 2025

To Whom It May Concern,

**RE: Partnership Invitation – Paid Summer Internship Programme for Caymanians**

Workforce Opportunities and Residency Cayman (WORC) is pleased to invite your esteemed company to partner with us in providing meaningful internship opportunities for Caymanians aged 17 years and older through our **2025 Paid Summer Internship Programme**.

This initiative, now a cornerstone of WORC's commitment to workforce development, seeks to bridge the gap between education and employment by offering participants practical, hands-on experience in real-world work environments. We are currently preparing to place interns for the upcoming summer period, ideally from **1 July to 31 August 2025**.

We understand that operational capacity and timelines may vary across industries, and as such, we are flexible and willing to accommodate **one-month placements or a customised timeframe** based on your organisation's availability and workload.

Our aim is to forge collaborative partnerships with forward-thinking companies like yours who recognise the value in nurturing the next generation of Caymanian talent. Participating in this programme not only supports national workforce development goals, but also provides employers with enthusiastic interns who are eager to learn and contribute meaningfully to your organisation.

Should you be interested in exploring this opportunity further, I would be delighted to arrange a meeting — either in person or online — at your convenience to discuss the potential benefits and address any questions you may have.

In the meantime, we would greatly appreciate your feedback or confirmation of interest **on or before Wednesday, 7 May 2025** to [WORC.Training@gov.ky](mailto:WORC.Training@gov.ky).

Thank you for your consideration, and we look forward to the possibility of partnering with you to empower Caymanian youth and strengthen our workforce together.

Kind regards,

**Shantannia Bryan and Allison Anglin**  
Programme Coordinators
